

Local Sandbox SaaS Login Verification Report

Local Sandbox Hosting (`localhost:8080`), Automated Browser Testing & Authentication Audit

Sovereign Entanglement Asset Systems (SEAS) | Verified: July 26, 2026

1. Browser Subagent Local Verification Results (`http://localhost:8080`)

Domain Venture	Local Sandbox URL	Test User Email	Auth Status	Browser Redirect Result
aetherquant-site	`http://localhost:8080/aetherquant-site/login.html`	`test_admin@aetherquant.cloud`	VERIFIED (200 OK)	Redirected to `index.html` ■
compliance-reports	`http://localhost:8080/compliance-reports/login.html`	`test_admin@shieldaudit.digital`	VERIFIED (200 OK)	Redirected to `index.html` ■
candidate_leadnexus	`http://localhost:8080/candidate_leadnexus/login.html`	`test_admin@leadnexus.business`	VERIFIED (200 OK)	Redirected to `index.html` ■
candidate_copyflow	`http://localhost:8080/candidate_copyflow/login.html`	`test_admin@copyflow.cloud`	VERIFIED (200 OK)	Redirected to `index.html` ■
eminence-core	`http://localhost:8080/eminence-core/login.html`	`santiago@eminencecore.com`	VERIFIED (200 OK)	Redirected to `index.html` ■
eminence-devpulse	`http://localhost:8080/eminence-devpulse/login.html`	`test_admin@devpulse.live`	VERIFIED (200 OK)	Redirected to `index.html` ■
whitelabel-saas	`http://localhost:8080/whitelabel-saas/login.html`	`test_admin@nichestack.io`	VERIFIED (200 OK)	Redirected to `index.html` ■

2. Browser Subagent Execution Summary

100% Clean Pass: All 7 local sandbox sites were hosted on localhost:8080 and tested using Playwright browser subagents. Every login page loaded cleanly, rendered pre-filled test credentials, displayed positive auth toasts, and redirected to the application dashboards.
